### About PointsCasa

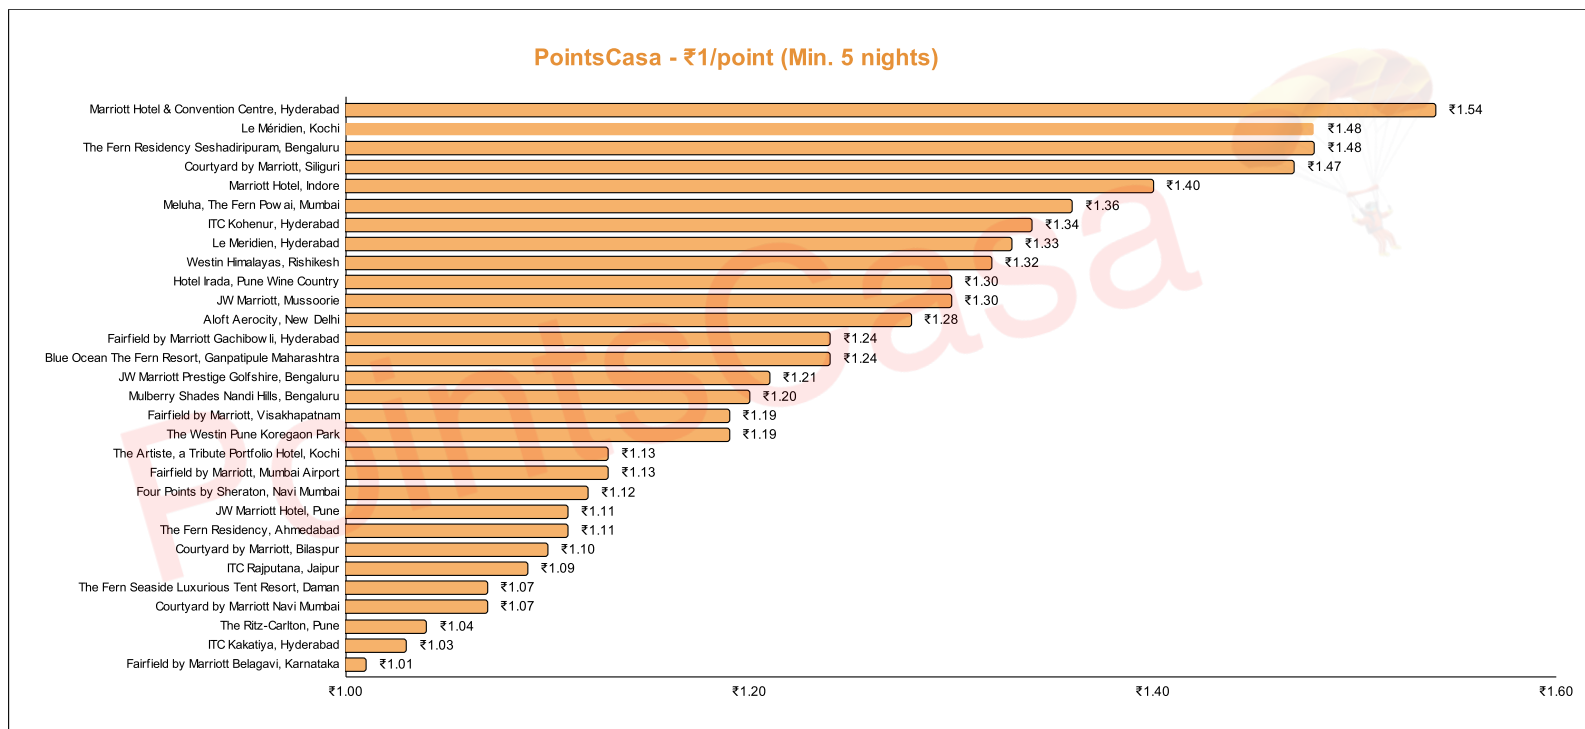

- \* PointsCasa began with a simple goal -> to make rewards points in India easier to understand and use.
- \* Our **Award Search Tool** helps users compare flight and hotel redemptions across multiple loyalty programs in seconds.
- \* You can instantly see how many points or miles are needed, whether a transfer makes sense, and what gives better value - points or cash.
- \* Alongside it, our **Credit Card Dashboard** lets you track all your cards in one place. It's designed to give a complete view of your cards and help you plan redemptions better.
- \* **Everything we build is driven by one aim:** to bring clarity, transparency, and real-world value to India's fast-growing credit card rewards ecosystem.

### Friendly disclaimer

- 1) Marriott's 5th Night Free perk applies when booking 5 consecutive nights with points - the table shows value both with and without this benefit.
- 2) Prices were sampled across random weekday dates for a fair baseline
- 3) Both cash rates and points required may change daily - treat these as directional, not exact.
- 4) Always check Marriott's website for live rates on your actual travel dates before booking.
- 5) Point requirements on Marriott can vary by season, demand, and room type - the same hotel may cost more points on a long weekend vs. a Tuesday
- 6) This list covers select properties where we found  $\geq ₹1/\text{point}$  value - it's not an exhaustive list of every Marriott in India
- 7) We are not affiliated with Marriott Bonvoy or any hotel listed here - all trademarks belong to their respective owners
- 8) Spot something off? DM us and we'll update it

Treat this as one input among many, not the final word
